

# CYRIL JOSEF TINAЕ

Cebu, Philippines • +63-917-193-7051 • [tinaecyriljosef@gmail.com](mailto:tinaecyriljosef@gmail.com) • [LinkedIn](#) • [Portfolio](#)

## Education

### UNIVERSITY OF THE PHILIPPINES

BS Computer Science | First Year 1.95 GWA (Equivalent to 3.3)

Relevant Coursework: Data Structures and Algorithms, Programming Paradigms

Cebu City, Philippines  
Expected July 2028

## Experience

### Graphic Designer

#### Project-based

- Designed a clear and visually structured PCR flowchart poster using Figma for client's class requirement
- Applied layout hierarchy, icons, and color consistency to simplify complex processes for easy understanding

### UP Computer Science Guild - TekToks

#### Creatives Committee

- Designed graphics and digital assets for a student-run podcast about tech news
- Contributed to branding and content planning, leading to increased viewership and engagement

Cebu City, Philippines  
September 2025 – Present

## Certifications & Achievements

### The Odin Project

#### Intermediate HTML & CSS

- Completed Odin Foundations, mastering HTML, CSS, JavaScript, and Git through hands on web projects
- Built strong problem solving and Git workflow skills by shipping small sites from scratch through Github Pages

Cebu City, Philippines  
December 2025 – January 2026

### The Odin Project

#### Advanced HTML & CSS

- Built my first personal portfolio using semantic HTML, CSS, and vanilla JavaScript
- Designed and implemented a responsive portfolio homepage following modern layout and styling best practices.

Cebu City, Philippines  
July 2025 – August 2025

### DICT Regional Pitching Competition

#### Presenter

- Outperformed college teams as only SHS group to place 4th in startup pitch
- Gained experience in public speaking and pitching technical concepts

Zamboanga City, Philippines  
August 2023 – October 2023

## Projects

### BudgetWise Landing Page

- Developed a comprehensive, multi-section landing page using vanilla HTML/CSS/JS, implementing a custom design system to showcase financial tracking features with a focus on clean typography and visual hierarchy

### Snippit Landing Page

- Architected an intuitive, animated landing page for a video tool using React and Tailwind CSS, utilizing Framer Motion to build high-performance micro-interactions

### Ligtasyon Landing Page

- Engineered a high-fidelity landing page for a disaster-readiness platform using React + Vite, leveraging Framer Motion to implement smooth, state-driven transitions and a responsive UI designed for emergency information clarity

## Skills
