

# CYRIL JOSEF TINAЕ

Cebu, Philippines • +63-917-193-7051 • [tinaecyriljosef@gmail.com](mailto:tinaecyriljosef@gmail.com) • [LinkedIn](#) • [Portfolio](#)

## Education

### UNIVERSITY OF THE PHILIPPINES

BS Computer Science | First Year 1.95 GWA (Equivalent to 3.3)

Relevant Coursework: Data Structures and Algorithms, Programming Paradigms

Cebu City, Philippines

Expected July 2028

## Experience

### Graphic Designer

#### Project-based

- Designed a clear and visually structured PCR flowchart poster using Figma for client's class requirement
- Applied layout hierarchy, icons, and color consistency to simplify complex processes for easy understanding

Cebu City, Philippines

September 2025 – Present

### UP Computer Science Guild - TekToks

#### Creatives Committee

- Designed graphics and digital assets for a student-run podcast about tech news
- Contributed to branding, audience engagement, and content planning

Cebu City, Philippines

September 2024 – June 2025

## Certifications & Achievements

### The Odin Project

#### Intermediate HTML & CSS

- Completed Odin Foundations, mastering HTML, CSS, JavaScript, and Git through hands on web projects
- Built strong problem solving and Git workflow skills by shipping small sites from scratch through Github Pages

Cebu City, Philippines

December 2025 – January 2026

### The Odin Project

#### Advanced HTML & CSS

- Built my first personal portfolio using semantic HTML, CSS, and vanilla JavaScript
- Designed and implemented a responsive portfolio homepage following modern layout and styling best practices.

Cebu City, Philippines

July 2025 – August 2025

### DICT Regional Pitching Competition

#### Presenter

- Outperformed college teams as only SHS group to place 4th in startup pitch
- Gained experience in public speaking and pitching technical concepts

Zamboanga City, Philippines

August 2023 – October 2023

## Projects

### BudgetWise Landing Page

- Developed a comprehensive, multi-section landing page using vanilla HTML/CSS/JS, implementing a custom design system to showcase financial tracking features with a focus on clean typography and visual hierarchy

### Snippit Landing Page

- Architected an intuitive, animated landing page for a video-cutting tool using React and Tailwind CSS, featuring platform-specific ratio visualizations and high-performance layout transitions

### Ligtasyon Landing Page

- Engineered a high-fidelity landing page for a disaster-readiness platform using React + Vite and Tailwind CSS, focusing on complex layout architecture and a responsive UI designed to communicate critical emergency information

## Skills

**Programming:** C, C++, C#, Python, HTML, CSS, Tailwind CSS, JavaScript, Typescript, React, Node.js. Next.js

**AI:** ChatGPT, Claude, Gemini, GitHub Copilot
